## Press Release

July 2, 2019 | 2019 - 022

### MAIN STREET REVITALIZATION PROJECT UPDATE

#### Parking Update

**ST. THOMAS** – As progress on the Main Street Revitalization Project continues, it has become necessary to temporarily restrict access on the roadway between Nye Gade and Raadets Gade. This closure will facilitate the installation of conduits, storm drainage, irrigation pipes and sewer main/sewer laterals on Droninngens Gade (Main Street). **During this detour, parking on Main Street will not be allowed. Temporary parking will be accessible for deliveries only.**

Vehicular traffic from Market Square will now be allowed to enter Main Street from the western end starting from the Enid Baa Public Library heading east. Motorists traveling from Guttets Gade (First Bank Road) will be allowed to turn right onto Main Street and head east, they must make a right turn onto Raadets Gade. Motorists will also be able to travel west from Cardow and must turn right onto Nye Gade to access Garden Street, as indicated in the attached diagram. Work is scheduled to commence on Monday, July 8 2019, continuing until completion of the scheduled work.

The Department of Public Works appreciates the community's patience as they work to improve road conditions throughout the territory. Follow DPW on Facebook @usvidpw and @vitranusvi.
